

LAWRENCE & HANSON IS INTEGRATED WITH

simPRO
Serious Job Management

We have implemented direct integration with simPRO.

This is available to all customers who currently access eBranch (simPRO uses eBranch credentials to authenticate Lawrence & Hanson customers).

If you don't have access to eBranch you can [register here](#)

This INTEGRATION means:

1. SIMPRO AUTOMATICALLY IMPORTS Lawrence & Hanson
 - a. Invoices
 - b. Price-Files

2. WE AUTOMATICALLY SEND
 - a. Invoices to the customer's account in simPRO - these are done several times daily
 - b. Price-Files to the customer's account in simPRO - these are done periodically but no less than once per month

So, you don't need to do any of that retrieval and importing manually.

Below are the instructions you will need to set up this automated import:

[Price files](#)

[Invoices](#)

A Sonepar Company
