

1st September 2021

PRICE CHANGE NOTIFICATION

Dear Valued Customer,

In accordance with the conditions of our trading terms, I am writing to advise we will be implementing a price change across all Wattmaster Screwdriver products effective from the 1st Oct 2021.

These products have been impacted by escalating raw material, shipping and logistic costs.

We will forward an updated price file in the coming weeks which will indicate the specific changes for each product.

Adjustments to any special pricing in place will also be covered off in this notification. All State based special pricing will also be adjusted in line with the price change, with contract and project pricing moving on quotation expiration.

Thank you for your continued support.

Yours sincerely

Stephen Hanlon
Managing Director
