

25th August 2021

Schneider Electric Australia
Price Change Notification Effective 4th October 2021

Advance Notification – not for distribution beyond leadership within Wholesaler Groups
Official Notification will be sent on the 3rd September 2021

Dear Valued Customer,

We would like to inform you of a pricing adjustment effective Monday 4th October 2021. You will see varying levels of adjustments across our range of offers.

We have seen a steady increase in several metrics (Raw Material Costs, Freight Costs, Electronic Component shortages, etc.) due to inflation, a trend which is expected to continue throughout 2022. While we have made every effort to reduce our costs to mitigate this, we have concluded that a price adjustment is now necessary in the current market environment and to maintain our current levels of quality and service to you.

The price adjustment will be a weighted average increase of 7% across the Schneider Electric products. To ensure fair allocation of stock, we will monitor your orders & any above normal demand may be cancelled. Additionally, orders received after the 19th of September, are not guaranteed to be supplied in September. If this is the case, these orders will be cancelled and a new order will need to be placed at the new price.

New price files will be available on the 3rd September. If required, please contact your Sales Representative accordingly.

For those customers who are already using MySchneider, the new price information will be readily available to you from your online account once the scheduled price adjustments take effect.

Should you have any queries, please contact your Sales Representative or our Customer Service Centre on 13 73 28.

We thank you for your continued support and ask that you communicate this notification as appropriate.

Yours Sincerely,

A handwritten signature in black ink, appearing to read "Gareth O'Reilly".

Gareth O'Reilly
Zone President Pacific
